## **I. COUNTY PROGRAMS, SERVICES OR ACTIVITIES**

### **A. INTRODUCTION**

The Congress enacted the Americans With Disabilities Act ("ADA") in 1990 to protect individuals with disabilities against discrimination in employment (Title I), state and local government programs and services (Title II, Subtitle A), and transportation (Title II, Subtitle B), public accommodations (Title III), and telecommunications (Title IV). This Policy/Procedure sets forth Nassau County's plan for complying with the requirements of Title II. Title II provides:

"Subject to the provisions of this subchapter, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity."

Nassau County is committed to ensuring that it vigorously complies with this mandate. To this end, this Policy/Procedure provides ways of apprising disabled individuals of their rights and establishes a clear, efficient and fair process for them to seek enforcement of those rights. Sometimes, a particular change or accommodation may be needed to ensure full and equal

participation in County services, programs and/or activities. Making a service, program or activity available or accessible can usually be achieved through a combination of common sense, creativity and dialogue between a County representative and the person with the disability and/or his or her representative.

The Request and Resolution Process set forth herein is designed to promote prompt and equitable resolution of requests for accommodations and complaints relating to the ability of individuals with disabilities to access services, programs and/or activities.

## **B. REQUEST AND RESOLUTION PROCESS**

Any qualified disabled individual or his or her representative who requests an accommodation or who believes that conditions prevent or have prevented him or her from full and equal participation in any service, program and/or activity of the County may file a request for accommodation describing the problem. The following chart sets forth the process for disabled individuals to submit such requests and for departments to resolve them.

<b>Request Initiation</b>	<ul style="list-style-type: none"> <li>• In situations where a qualified disabled individual anticipates being unable to participate in a service, program and/or activity that is about to occur due to disability, oral requests may be made initially to permit prompt action.</li> <li>• If the situation is not resolved following an oral request, a request should be filed in writing or, when necessary, in another format that accommodates the requestor's disability. While written requests need not be on any specific form, request forms may be obtained from the Nassau County Office for the Physically Challenged (hereinafter referred to as "OPC").</li> </ul>
<b>To Whom Should The Request Be Addressed?</b>	<ul style="list-style-type: none"> <li>• Requests concerning access to County services, programs, and/or activities should be addressed to the ADA Liaison for the department responsible for the program, service or activity at issue.
